

# Buyer's Guide

10 great reasons to buy a Covana

	Spa cover	Gazebo	Automated gazebo COVANA
<b>Fully automated</b> Less work, more comfort. The Covana, the world's only automated gazebo, can be raised and lowered with a key switch.			●
<b>2-in-1</b> The advantages of a spa cover and a gazebo are now combined in one innovative product.			●
<b>Safety</b> The Covana closes and locks the spa securely and keeps children and intruders out.		●	●
<b>Privacy</b> Optional retractable screens offer peace and privacy.		●	●
<b>Energy efficient</b> The insulating value is twice as much as a standard cover. In addition, its optimal water retention means the Covana saves water, energy and maintenance products.			●
<b>Durability</b> Life of a traditional spa cover is around 3 years. But the Covana will last the life of your spa thanks to its aluminum structure and rigid roof made of seamless ABS thermoplastic.		●	●
<b>Innovative design</b> When closed, the Covana does not obstruct your garden view.			●
<b>Simplicity</b> The Covana is compatible with all brands of spa, can be installed on many surfaces and simply requires a 110-volts / 15-amp circuit. Covana makes life easier.	●	●	●
<b>Pride</b> Elegant, modern and quiet, the Covana is the perfect complement for your dream spa.			●
<b>Québec product</b> Some traditional spa covers and gazebos may collapse under the weight of snow, but the Covana, manufactured in Québec, is made to handle our tough winters by supporting up to 600 lb (272 kg) of snow.			●
